P R E S S R E L E A S E

Olympia Splendid 33 typewriter (around 1960), handmade candles from the Psychosoziale Initiative Moabit, dishwasher-safe „arm und sexy“ cup, vintage shot glasses.

Seasonal offers @ kultur propaganda Neukölln

As usual, kultur propaganda -formerly known as „arm und sexy“- in the Neukoelln Reuterkiez offers beautiful stuff for the end-of-the-year party and gift season.

Besides the vast vintage interior range with porcelain, knickknacks and (small) furniture, there are now also mechanical typewriters dating from the 1920s to 80s. The machines work, are cleaned and come equipped with new ribbons. Most of them are portables or travelers and have a handy case.

Contemporary art and design objects complement the gift range. And there are studio-made gift vouchers, too.

Open from MON to SAT afternoons (ca. 13-18 h) until December 24th.
